**CHILD SUPPORT SCHEDULE B
ADJUSTED INCOME**

Discretionary Adjustment to Income for Children Living in Parent's Home

The Court has the discretion to consider an Adjustment to Income for qualified children under this section for the purpose of reducing the parent's gross income, if failure to consider an adjustment would cause substantial hardship to the parent.

If the Court considers an Adjustment to Income under this section, then the Court must also consider whether this Adjustment to Income is in the best interest of the child(ren) in this action

Adjustment may be considered only for children who meet ALL FIVE of the following requirements:

- A. The parent is legally responsible for the qualified child (Stepchildren do not qualify);
- B. The qualified child lives in the parent's home;
- C. The parent is actually supporting the qualified child;
- D. The qualified child is not subject to a preexisting child support order; and
- E. The qualified child is not currently before the court to set, modify or enforce child support.
